

Freeze-Tag Locations #2

(mohdm1, mohdm2, mohdm3, mohdm4, mohdm6, mohdm7, obj_team1, obj_team3)
(obj/stlo, obj/renan, dm/fortwreck, dm/morocco, obj/deepmine)

As the guide is mostly designated towards V2 the following Freeze-Tag locations won't be as detailed as the Locations Guide for V2 (obj_team2). None the less I will list the abbreviations (tags) from the locations and the meaning of them. Maybe in the future I will get them more detailed, but frankly there are not many people who play freeze-tag in DM/TDM.

Tip: Use the compass to identify locations, as many locations are identified by North/East/South/West.
